CABANISSREGISTERED 04-

HAMPSHIRES

The yearling ewes have grown well on wheat pasture. We will have DNA test on the yearling ewes by sale date. Their sire and dam DNA is in the catalog In 2003 we were declared a non source of Scrapie and a non exposed Flock to Scrapie. All of their QQ dams were third eyelid tested and all tested negative for Scrapie. The ewes are listed by ear tag - we will select a sale order.
